(b) whether the SEZ Board is fully aware of such delibrate, post-approval manipulation by the SEZ operators;

(c) if so, what unambiguous steps and directions would be issued to ensure that SEZ operators do not violate the guidelines pertaining to the land areas; and

(d) the steps proposed to review permission granted to all the SEZs which exceed 1000 hectares in size?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI JAIRAM RAMESH) : (a) to (d) No such instance has come to the notice of the Government so far. The Empowered Group of Ministers (EGOM) at its meeting held on 5th April, 2007 had *inter alia* decided to fix the upper limit of the area required for multi product SEZs at 5000 hectares with a provision that the State Governments may prescribed a lower limit. In the 234 formal approvals granted so far, none of the SEZs has an area over 5000 hectares and therefore, the question of reviewing permission granted in these 234 formal approvals does not arise. In cases where in principle approvals have been granted, the developers are required to submit proposals for formal approvals. The decision of the EGOM would be applicable to all these cases as well as new proposals received.
